

Be sure to check out our latests videos at the Keene YouTube page!
The New Keene A52S Super Sluice box is simply the best and most versatile sluice in the world, turns into a high production high banker, dredge and
Now the Mini MAX!

A52S \$359.95

Our New Super Sluice Box A52S is the first sluice that allows you to dump unclassified material directly through the box at much higher volumes than ever thought possible, while still retaining fine gold! Now it takes only a few minutes to set up and get to work. Equipped with our upgraded Mini Max folding Leg system that articulates 4 different positions independently. Each leg has individual elevation control. The screen system features a mix of grizzly bars, a punch plate and woven wire which quickly classifies the material and drops the water speeds underneath to at least half! This allows the riffles to do their job in ideal conditions. We are using a mix of carpets, expanded metal, Hungarian riffles and our world famous Miracle matting. This combination provides the ultimate in regenerative riffle design that works even in heavy black sand areas. The variety of riffle designs performs exceptionally well in a multitude of conditions and is very forgiving. It really holds on to the gold! Simply the best sluice box in the world.

You can also convert your standard A52 into the new amazing A52S sluice box

The New A52S in now the ultimate back pack-able folding high bank dredge that performs like larger machines !

A52SLK Leg kit

A52SCS Classifying Screen

A52SRA Riffle

The new longer classifier screen really breaks down the clays and hard packed material

A52SSCHBA

This all in one package includes everything you will ever need for Sluicing, High banking and dredging. You will get a complete A52S Super sluice box. The high banker with deluxe hopper and extension with screen and rubber flaps. The powerful P90gh motor and pump and a 2" dredge set up. This is by far the most versatile package in the world The one product that will suite all your needs.

New A52S Super Sluice box Mini Max Conversion

Keene's world-famous A52S does it all. Not only is it the best sluice box on the market today, it now converts into a Mini Max Style Sluice box system utilizing a 12-volt pump system. This versatile package performs extremely well in all conditions. Now with the Mini Max upgrade, you can run in low water conditions and be "Silent Running". The battery powered pumps makes it ideal for setting up at home or in camp with a water recirculating system. Made in the USA. Coverts back and forth between a concentrator, dredge or high banker and Mini Max in a matter of minutes.

A52SMMKIT1 \$349.00 A52S Mini Max Conversion kit pump, hose, ball valve, sluice end cap hopper, grizzly and woven screens. Weight 16 lbs shipping weight 30 lbs
