The New Keene A52S Super Sluice box is simply the best and most versatile sluice in the world, turns into a high production high banker, dredge and
Now the Mini MAX!

A52S \$379.95

Our New Super Sluice Box A52S is the first sluice that allows you to dump unclassified material directly through the box at much higher volumes than ever thought possible, while still retaining fine gold! Now it takes only a few minutes to set up and get to work. Equipped with our upgraded Mini Max folding Leg system that articulates 4 different positions independently. Each leg has individual elevation control. The screen system features a mix of grizzly bars, a punch plate and woven wire which quickly classifies the material and drops the water speeds underneath to at least half! This allows the riffles to do their job in ideal conditions. We are using a mix of carpets, expanded metal, Hungarian riffles and our world famous Miracle matting. This combination provides the ultimate in regenerative riffle design that works even in heavy black sand areas. The variety of riffle designs performs exceptionally well in a multitude of conditions and is very forgiving. It really holds on to the gold! Simply the best sluice box in the world.

You can also convert your standard A52 into the new amazing A52S sluice box

The New A52S in now the ultimate back pack-able folding high bank dredge that performs like larger machines !

New A52S Super Sluice box Mini Max Conversion

Keene's world-famous A52S does it all. Not only is it the best sluice box on the market today, it now converts into a Mini Max Style Sluice box system utilizing a 12-volt pump system. This versatile package performs extremely well in all conditions. Now with the Mini Max upgrade, you can run in low water conditions and be "Silent Running". The battery powered pumps makes it ideal for setting up at home or in camp with a water recirculating system. Made in the USA. Coverts back and forth between a concentrator, dredge or high banker and Mini Max in a matter of minutes.
