

Be sure to check out our latests videos at the Keene YouTube page!
The New Keene A52S Super Sluice box is simply the best and most versatile sluice in the world, turns into a high production high banker, dredge and
Now the Mini MAX!

A52S \$379.95

Our New Super Sluice Box A52S is the first sluice that allows you to dump unclassified material directly through the box at much higher volumes than ever thought possible, while still retaining fine gold! Now it takes only a few minutes to set up and get to work. Equipped with our upgraded Mini Max folding Leg system that articulates 4 different positions independently. Each leg has individual elevation control. The screen system features a mix of grizzly bars, a punch plate and woven wire which quickly classifies the material and drops the water speeds underneath to at least half! This allows the riffles to do their job in ideal conditions. We are using a mix of carpets, expanded metal, Hungarian riffles and our world famous Miracle matting. This combination provides the ultimate in regenerative riffle design that works even in heavy black sand areas. The variety of riffle designs performs exceptionally well in a multitude of conditions and is very forgiving. It really holds on to the gold! Simply the best sluice box in the world.

You can also convert your standard A52 into the new amazing A52S sluice box

The New A52S is now the ultimate back pack-able folding high bank dredge that performs like larger machines !

A52SLK Leg kit

A52SCS Classifying Screen

A52SRA Riffle

The new longer classifier screen really breaks down the clays and hard packed material

This all in one package includes everything you will ever need for Sluicing, High banking and dredging. You will get a complete A52S Super sluice box. The high banker with deluxe hopper and extension with screen and rubber flaps. The powerful P90gh motor and pump and a 2" dredge set up. This is by far the most versatile package in the world The one product that will suite all your needs.

New A52S Super Sluice box Mini Max Conversion

Keene's world-famous A52S does it all. Not only is it the best sluice box on the market today, it now converts into a Mini Max Style Sluice box system utilizing a 12-volt pump system. This versatile package performs extremely well in all conditions. Now with the Mini Max upgrade, you can run in low water conditions and be "Silent Running". The battery powered pumps makes it ideal for setting up at home or in camp with a water recirculating system. Made in the USA. Coverts back and forth between a concentrator, dredge or high banker and Mini Max in a matter of minutes.

KEENE ENGINEERING

**KEENE ENGINEERING'S LATEST NON-CLOGGING POWER JETS
VIRTUALLY ELIMINATES ROCK JAMS!
EQUIPPED ON ALL 2, 2.5, 3, 4, 5, 6 AND 8 INCH DREDGES!**

We have improved the standard Power Jet and created a more efficient, easy to use superior jet! The new design involves a slight enlargement of the jet tube, making it a bit larger than the interior of the suction hose. This modification creates a smooth, seamless flow from hose to jet. Rock jams and other obstructions are virtually eliminated providing less downtime. The quick coupling features two side mounted snap levers for quick and easy joining.

HIGH PERFORMANCE BACKPACKABLE DREDGES

New 2004SNPJLK

New suction hose oversized quick coupler reduces rock jams

**New 2004SNPJLK
Mounted on legs for shallow water operation,
maximum versatility and minimal weight**

Suction Nozzle

Oversized power jet reduces rock jams

The Model 2004 (2"inch) Backpack Dredges

This super high powered backpacker dredge is equipped with a lightweight, quiet heavy-duty GX50 Honda 4 cycle engine that nearly doubles the power from our previous models. This engine and pump combination produces an unbelievable 100 gallons per minute and up to 160 feet of head lift. The sluice box is specifically engineered for fine gold recovery and easy clean up. The Model 2004 is constructed with an improved aluminum frame and is supported by a robust and light weight pontoons. Our newest model the 2004SNPJLK is the most versatile dredge in the world and performs in all conditions. Works with a suction nozzle for working in extremely shallow water conditions, the power jet system that provides superior suction power easy handling. Equipped with our latest folding, fully adjustable legs that enables you to bank mount or place in stream without flotation. These new features also provide a quick release dredge hose and eliminates any bottle necks in the system that can cause rock jams.
